

Kaan Hascan

Software Developer

kaanhascann@gmail.com | 05306884500 | Istanbul

Profile

Junior Software Developer with a strong interest in backend and web development. Highly motivated to enhance my skills and gain experience in creating scalable, efficient, and user-friendly applications.

Education

Software Development Bachelor Degree 2021 - 2025 | Istanbul
Faculty of Computer and Information Sciences
Yeditepe University
GPA 3.05

Professional Experience

Software Intern 07/2024 - 09/2024
AIFTEAM

AIFTEAM was a SAP B1 partner so i tried to improve myself there on how to work ,manage and manipulate data.

I wrote mostly C# and used Microsoft SQL Server.

Software Intern 08/2025 - 09/2025
EnerjiSA

Worked on development of an MCP Server Project, building backend services with ASP.NET and implementing server-side structures using Node.js and Python. This project enhanced my skills in backend development, cross-technology integration, and end-to-end project management

Skills

- Java
- C#
- NestJS
- Web Development
- PostgreSQL
- Spring-Boot Framework
- ASP.NET
- Backend Development
- Algorithm and Data Structures

Projects

Tarladan 2024 - 2025
A Farmers Market Mobile Application

Tarladan was an idea we created with our friends to start our own business. We won second place in an entrepreneurship competition held at Yeditepe University.

Tarladan aimed to reach out the products from farmers straight to customers with minimal extra pricing.

I worked with NestJS ve PostgreSQL developing this application.
